PROFESSIONAL EXPERIENCE

Technology and Mathematics Teacher
SECRETARIA DA EDUCAÇÃO | Campo Limpo Paulista, Brazil | Oct 2025 – Feb 2026

- Taught Middle and High School students focusing on logical, digital, and mathematical skills.
- Built an accessible, empathetic, and motivating language to maintain high student engagement.
- Stimulated active student participation while guiding technical and mathematical content clearly.
- Mediated conflicts and organized teaching schedules adapted to different maturity levels.

Jr SAP Consultant
STEFANINI | Remote, Brazil | Project-based Contract

- Provided SAP S/4HANA Functional Support (Level I & II) for end-users in FI, CO, and SD modules.
- **Data Management & Brazil Localization:** Monitored supplier/customer master data IDocs and supported fiscal solutions, report extraction, and transport requests.
- **Customizing & Enhancements:** Executed parameterizations (customizing), applied SAP notes in production, and monitored functional testing.

Information Technology Intern
CONTINENTAL AUTOMOTIVE | Várzea Paulista, Brazil | Jun 2023 – Feb 2025

- Provided SAP ECC & S/4HANA Functional Support (MM, FI, CO, SD, Basis) handling Level I & II tickets.
- Supported Procure-to-Pay (P2P) purchasing flows, materials management, and inventory.
- Monitored master data IDocs and supported the Guepardo fiscal solution (report extraction, debugging, transport requests).
- Participated in the SPIRIT project, a global SAP harmonization initiative across all Continental units worldwide.
- Developed automations using UiPath and managed GitHub repositories (bug fixes, maintenance).
- Administered and verified invoice postings for external services (e.g., consultancies), ensuring data accuracy.
